Macs Aluminium Equipment

Macs Equipment represent Five Star Manufacturing USA in New Zealand who are located in Crane, South West Missouri, USA. Five Star have been fabricating aluminium ramps since 1986 and their auto body product range since 1988.

1. Aluminium ramps

Five Star manufacture a range of aluminium ramps suitable for loading cars, bikes, ATVS, and lawnmowers onto trailers or pickup trucks and come in several product options:

- Unfolded and folded
- Standard , heavy duty and extra heavy duty ranges with increasing load capacity
- Various lengths from 1.5M (5Ft) to 2.2M (7Ft)

Products feature:

- ✓ Arched for improved clearance of transition area
- ✓ Serrated cross bars provide for improved traction in snow, mud or rain
- ✓ Even spacing of bars to provide for various wheel sizes
- ✓ Plastic tipped fingers to grab the truck tailgate or trailer surface on standard models
- ✓ Plates, not fingers are used on the HD ramp models to pin ramps to decks
- ✓ Cam lock tie downs to secure each ramp to a tail gate

Recommendation: for every mm of height you are loading/unloading, your ramp(s) should be X 2.2 longer; For Example, to load equipment into a:

- Ute with a deck height of 645mm, the ramp should be at least 1420mm long
- Toyota Hilux or Ford Ranger with a deck height of 850-900mm, the ramp should be at least 1980mm
- Chev Silverado with a deck height of 975mm, the ramp should be 2145mm long

2. Aluminium Auto Body Range

Five Star Manufacturing produce a range of auto body shop products including windscreen racks and portable work tables.
